BRI B'S ARTIC LINIMENT.

"HIS great specific, which is a triumph in the progres I of medical science of the nineteenth century, is not presented to a public free from pain, suffering and dis-ease. It was not discovered, nor is it now prepared for the epossessed of sound health and robust constitution, but for a large class who are suffering pain.

Have you the Bronchitis!

Have you the Neuralgis!

Have you the Ear or Tooth H AVING recently been burnt out, beg to notify their friends and pairons that all orders left with R. H. Groomes & Co., No. 18 College street, or at the shop of V. A. Baugh, No. 115 South Market street, will meet with

You may rid yourself entirely of these dist essing evils
by the use of Bragg's Arctic L niment.

Are you sufficied with oid Sores?

Are you suffering from severe Revises?

Are you enduring pain from Sprains?

One bottle of the Arctic Liniment will surely give relief

Rheumatism is a dreadful complaint. Scrofula is a loathsome disease.

Yet such is the wonderful healing properties of Bragg'
trotic Limment, that it will almost instantly care acute why will you suffer with Scurrey?

Why will you suffer with Scurrey?

Why will you suffer with the Piles? Why will you submitto Chillians?
When by using the Arctic Liniment you may find per-

There are in this world thousands and tens of thou who are, year after year, suffering with one or more of the many diseases with which humanity is afficted, antil dis-pairing and nigh unto the grave. Wounds, braises, burns, pairing and high distributions piles, corns, warts, sites of insects, sore eyes, tooth ache, ear ache, neurage a, sore throat, paralysis, diseases of the Skin, tumors week, ring worms, scurvey, coke in the breast, sore lips, stiffness in the joints, heamatism, gout, &c., have fastened upon them, and the are seeking an antidate. To all such, Dr. Brang's Arctic Liniment comes as a sure and speedy remedy, it is a baim for every wound, and it never fails! Hundreds and thousands are testing its virtues, and are rejoicing in freedom from pain and suffering PARMERS AND HORSE RAISERS. Dr. Bragg's Arctic Liniment is also a sovereign remedy for the various diseases, with which horses are afflicted, during the most alarming cases of brulses, sprains, spring halt, wounds, scracties, sweeney, spavin, ring bone, big-had, poll evil, etc. No farmer, livery stable keepers or any person owning valuable horses should be without it.

ITS PREPARATION. The ingredients of the Arstic Linement are of the most costly kind while the utmost care is besto and upon com-pounding them by one of the members of the com any who makes a personal examination of every bottle put NO PAMILY SHOULD BE WITHOUT IT. In case of accident, it is wise to have a remedy at hand to apply instantly. Many lives are thereby saved, when if left to the plot ling time of a medical practitioner must have been lost. The Arctic Liniment is the best specific

> AYER'S CHERRY IFOR THE RAPID CURE OF Colds, Coughs and Hoarse-

BRIMFIELD, MASS , 20th Dec., 1855. Dr. J. C. AYER: I do not hesitate to say DR. J. C. AYER: I do not hesitate to say the best remedy I have ever found for Coughs, Hoarseness, Influence, and the concomitant symptoms of a Cold, is your CHERRY PROTORAL. Its constant use in my practice and my family for the last ten years has shown it to possess superior virtues for the treatment of these complaints.

EIEEN KNIGHT, M. D. A. B. MORTLEY, Esq., of Utica, N. Y., writes: "I have used your Protonal myself and in my family ever since you invented it, and believe it the best medicine for its purpose ever put out. With a bad cold I should somer pay twenty five deliars for a bottle than do without it, or

Croup, Hooping Cough, Influenza. SPRINGFIELD, MISS., Peb. 7, 1856. PROTHER AVER: I will cheerfully certify your PECTORAL is the best remedy we possess for the care of Whooping Cough, Croup, and the chest disease of children. We of your fraternity in the South appreciate your skill, and ommend your medicine to our people.
HIRAM CONKLIN, M. D. AMOS LEE, Esq., MONTEREY, IA., writes, 3d Jan., 1856; "I had a tedious loftuer za, which confines me in cloors six weeks; took many medicines without relief; "hally tried your Pactuage by the advice of our elergyman. The first

dose relieved the soreness in my throat and image; less than one half the bottle made me completely well. You medicines are the cheapest as well as the est we can buy, and we este m you, Doctor, and your remedies, as the poor man's friend." Asthma or Phthisic, and Bronchitis. WEST MANORESTER, PA , Feb. 4, 1856. Sin: Your Cherry PECTORAL is performing marvelous cares in this section. It has relieved several from alarming symptoms of consumption, and is now curing a man who has labored under an affection of the longs for the last forty years.

A. A. RAMSEY, M. D., Albion, Monroe county, lows, writes, Sept. 6, 1855; "During my practice of many years I have found nothing equal to your Changy Pagrokal for giving ease and relief to consumptive patients, or curing such as are curable." Consumption. Probably no one remedy has ever been known which cured so many and such dangerous cases as this. Some no human aid can reach; but even to those the Cawary Pacro RAL affords relief and comfort.

ASTAR HOUSE, NEW YORK CITY, March 5, 1856. Pocron Ayes, Lowest: I fee it a duty and a pleasure o inform you what your CHERRY Petronal has done for my wife. She had been five months laboring under the dan-gerous symptoms of Consumption, from which no aid we could procure gave her much relief. She was steadily fail-ing, until Dr. Strong, of this cits, where we have come for advice, recommended a trial of your med cine. We bless

his kindness, as we do your skill, for she has reco from that day. She is not yet as strong as she used to be, but is free from her cough, and calls herse f well.

Yours with gratitude and regard,
ORLANIO SHELBY, Consumptions, do not despair till you have tried Area's Cheany Petronal. It is made by one of the best medical chemists in the world, and its cures all around us beapeak the high merits of its virtues.— Phila. Ledger.

Persons of Consumptive Habits, Read This! TO THE GREPENBURG COMPANY : For the first time

in my life am induced to cert fy to the truly wonderthi effects of a popular medicine, but in sending you she
certificate I feel that I am only discharging a duty that I
owe to the Grasfenberg Company, and more especially to suffering humanity.

About the first of June last I had a negro man taken with a Cough, attended with restlessness, spitting of blood and other dangerous symptoms of consumption. I immediately called in a truly skilful and scientific physician, who told me it was a case of consumption. He treated him for several weeks, but he gradually grew worse. I then had another physician of great reputation in 1 ng di-eases. He examined bim, and also decided it to be a hopeless care of consemption, and said it was uscless to spend money in try-

consemption, and said it was useless to spend money in trying to cure him.

I had previously promised the Gravenherg Agents here, (Messrs Welis & Lowell,) that when the doctors gave him up I would try the Gravenherg Comsumptive's Balm. I did so and to my aerreable surprise, the man began to improve after taking only five or six doves. He took only two bottles of the Balm and three bottles of the Gravenberg Saraparlia Compound, which cost me the small sum of nine dollars, and the day I consider him entirely cared. He is worth \$1,200, and he is doing me good service on the plantation. I consider him perfectly sound and we las he is fat, hearty and strong, without a vestige or sign of disease left.

ARCHITECTS AND BUILDERS should not fail to

examine this Roofing, as it is better and cheaper than any thing in use. The material forms a bard and smooth sur-

face that will resist the action of the atmosphere in every

ctimate. It is impervious to water, elastic, and flexible. It contracts and expands with the changes of the atmos-

phere, and will neither evaporate, crack nor rot; and, as to its durability, there is no question.

It is practically imperishable, and will perfectfully resist any ordinary external exposure to fire, as is shundantly

proved, and we will warrant it water-proof. We will engage to put our Roofing on over ordinary good sheathing, old shingles, tar and gravel, tin, nine, copper, or iron roofs—it making no difference how steep or fat they may befor seven dollars per one hundred square feet; it being far cheaper than any Roof of the old style, and we are sure it will give better satisfaction.

T. & W. EAKIN & CO.

The subscriber is now prepared to cover roofs of buildings, with a new and better article than ever before known. The public are aware that our Government has had scientific men experimenting, and that it has been the study of Architects and Builders, for years, to discover an article for roofing purposes, that would stand the sudden changes of the weather, and be impervious to fire and water, and remain a pern ament fixture. As yet, nothing has been attained without costing more than the people wish. The contraction, expansion and rusting of metal roofs, are so great in chang-able climates, that they become useiess, unless being repaired at great expense yearly. Shingles are not fire proof, and cannot be used on flat roofs, and the various Compositions and Cements that have been brought into use for roofing, do not stand the action of the weather, but they run when it is warm, and crack when frosty, and after one or two years become crumbly, and worthless; whereas, the inventor of the Galvanic Cement, has labored twenty years to combine articles to obviate those difficulties, and can testify from his long experience, and numerous testimonials from reliable persons, who have had his combination applied to their buildings, that his Cement is the cheapest and best aticler ever before known. The combination of this Cement is such that it is calculated for entire new roofs, flat or steep, covering over old shingles without removing them; lining eave-thoughts, seaming around battlements chimneys and that it is calculated for entire new roofs, flat or steep, covering over old shingles without removing them; lining eavestroughs, seaming around battlements, chimneys and sky-lights. Covering car-tops, steamer-decks, &c. This Cement, by its non-conduction and galvanism, prevents metal roofs from rusting and unsoldering, and resists the extremes of heat and cold, better than any thing ever invented, for entire roofs or for covering metal and the out side of wood buildings, making them fire proof. Its appearance is like slate; beautiful for the rich palace or the humble coltage. umble cottage.

The undersigned having secured the right to the State of concessee, will sell rights of Territory, by Counties or Towns, on reasonable terms.

The subscriber is also prepared to cover roofs of buildings, in any part of the State, at hort notice.

This Roof is now being put on in this city, for the benefit of all concerned, and warranted to excel ail other modes. of Roofing. The subscriber has 'ad his mode of Roofing tested as to its qualities, during the last year and a half in the city of Memphis, which has proved satisfactory, to which a number of the nost prominent citizens can testific. For further information enquire at he office, where samples may be seen. Office with A. V. S. Lindsley, Real Estate Broker, No. 83, College street, Nashville, Tenn.; or, Estate Broker, No. 55, College address box 69, P. O. See testimonials of the following gentlemen who have used it, with hosts of others. W. S. BENNETT, Proprietor.

Attached is a note from John L. Morgan, Erq., Architect, by which may be seen the opinion of Mr. Samuel Sloan, the celebrated Architect, and writer upon Architec-ture, whose experience with this mode of roofing, without a doubt, is satisfactery to all.

MEMPHIS, March 12, 1857.

Mr. W. S. Bennerr - When in Philadelphia, Pa., a few days ago, I called upon Mr. Samuel Sloan, the celebrated Architect, and author of the Sloan Work on Architecture. I asked his opinion as to the ourability. &c., of West's Patent Roof, such as you are using in the city of Memphis, and he told we that he had no hesitation in saying to me that it is a good and durable roof, and is all that its advo cates cial n it to be; farther saying that he is using it on a fine building for himself. Respectfully. JOHN L. MORGAN, Architect. OFFICE OF MISS. CENTRAL & TENN. R. R. Co.,

BOLIVAR, TENN., Oct. 1, 1847. This will certify that the M. C. & T. R. R. Co. have pur chased of Mr. W. S. Sennett, the right to use on their Cars, Bridges, Buildings, &c., &c., West's Galvanic Cement. Having seen it used and tested, I have no hesitation in recommending it to be the best and cheapest covering now in use. R. P. NEELY, President, M. C. & T. R. R. Co. ENGINEER'S AND GEN'L SUP'T'S OFFICE, MEMPHIS & CHARLES TON RAILBOAD.

To Whom it may Concean. -This is to certify that the Memphis and Charleston Railroad Company have pur-chased of W. S. Bennett, the right to prepare and use upon their Depots Buildings, Cars, &c., &c., West's Galvanio patent fire and water proof Roofing, and that we believe it to be an economical and durable covering, having already had it in use for eight months.

SAM. TATE, President.
F. C. ARMS, Gen'i Supt. W. S. BENNETT, Frq.-Dear Fir.-The facts within our

knowledge of the durability, &c., of West's Galvanic Cement; are these: The building you covered for us last spring, I amhappy to state has any ered our expectations. We can therefore, recommend it to the public for all roofing purposes; as a light, cheap, fire and water proof roof. It does not get roft and run irow the effects of the heat of the sun; nor does it harden and crack from the effects of the cold. Any persons wishing to know more of this arthe cold. Any persons wanted ticle, can call at our manufactory.

MEMPHIS, TENN., Dec. Sth., 1856.
To WHOM IT MAY CONCERN.—This is to certify that W. S. Bennett covered two roofs for me last spring, with a com-position called West's Patent Galvanic Coment one of them was a new deck, the other an old shingle roof, which are giving perfect satisfaction. He also repaired a dor-mer window, which leaked badly, and had bailled the skill in making perfectly tight. I do most cheerfully recom-mend his move of roofing to the public, for all roofing surposes, and believe it to be a permanent fixture against D. COCKRELL, Proprietor Commercial Hotel.

EUPERINTENDENT'S OFFICE, MEMPHIS & OHIO R. R.

Mampuis, TESN., Feb. 19, 1857. MR BENNETT, - Dear Sir: - Our company having been troubled very much with leaky cars, put some of your Patent Pafni upon them, and so far as my knowledge extends, I can cheerfully recommend it to any who wish a dry roof of any sort. Yours, &c.,
H. COFFIN, Superintendent, MEMPHIS, TENN., Jan. 14, 1857.

To the Pullid.—W. S. Bennett, made a plication to us last summer to cover our buildings with West's Galvanic Cement; it being a new thing, we thought we would try it; had it applied to our Blacksmith Shop, and Engine House,

attached to the Foundry. They have proved all required of a water proof roof, having withstood some of the greatest storms, and are giving good satisfaction. We can only add, try it and you will be satisfied.

CURTIS & KNAPP, Iron Founders. Mr. Bennett, has done some small amount of roofing for me in his peculiar way, with Cotton stuff, coated with preparation the basis of which appears to be a Coal Tar. It is a very effectual and light roof, and appears to promise considerable durability, from the preservative qualities of the composition, which penetrates the cloth and protects it from the influence of the air and water. The Composition does not liquify and ron from the effects of the heat of the son in summer; nor does it harden and crack from the influence in the cold of winter.

FEVER AND AGUE. and the various affections consequent upon a disordered STOMACH OR LIVER, CUCH AS Indigestion, Acidity of the Stomach, Colick Pains, Heartburn, Loss of Appetite, Despondency, Cos-tiveness, Blind and Biceding Piles. In all Nervous Rheu-matic, and Neuralgic Affections, it has, in numerous in-stances, proved highly beneficial, and in others effected a colled cure.

stances, proved highly beneficial, and in others effected a ecided cure.

This is a purely vegetable compound, prepared on strictly scientific principles, after the manner of the celebrated Holland Professor, Boerhave. Because of its great success in most of the European States, its introduction into the United States was intended more especially for those of our fatherland scattered here and there over the face of this mighty country. Meeting with great success arong them, I now offer it to the Amedican public, knowing that its truly wonderful medicinal virtues must be acknowledged. It is particularly recommended to those persons whose constitutions may nave been impaired by the continuous use of ardent spirits, or other forms of dissipation. Geterally instantaneous in effect, it finds its way directly to the seat of life, thrilling and quickening every nerve, raising up the drooping spirit, and, in fact, infusing new health and vigor in the system.

NOTICE.—Whosever expects to find this a beverage will be disappointed; but to the sick, the weak and low spirited it will prove a grateful aromatic cordial, possessed of singular remedial properties. It will also be found to be the best thing ever invented to sower or mend old leaky tin, tar and gravel roofs, or around chimneys, souttles, dormar windows, and gutters, where the lin is rusted through. This Coment can be put on to last as long as stone, and form a perfect adhesion to any object to which it is applied. Tin Roofs can be painted over (and warranted not to leak) at two dollars and fifty cents per hundred square feet, which is cheaper and much better than paint. This Roofing will be found to be the best thing for covering large Roofs where they are exposed to fir—such as Steam Mills, Saw Mills, Factories, Railroad Cars, Bridges, Depots, Station Houses, Steamboat Decks, and, in fact, every kind of Roof where there is an external exposure from fire. As the Roof is perfect, without a joint n it, it presents no chance for fire to communicate, and any ight substance will burn out without igniting.

The Insurance Offices at Cincinnati, and other places where Childs & Co.'s Coment has been used, insure buildings with Roofs covered with this Coment, at the same rates as for those covered with Iron, Copper or Tin.

The Cement will be furnished to those at a distance with directions for using.

Orders sent to the undersigned, through the Postgular remedial properties. CAUTION.

The great popularity of this deligh ful Aroma has induced many imitations, which the public should guard against purchasing. Be not persuaded to buy anything else until you have given Boerhave's Holland Bitters a fair trial One bottle will convince you how infinitely superior it is all these imitations.
